Response After Final Rejection

Dear Sirs,

We refer to the Examiner's Final Office Action dated 9 December 2011. One month's extension fee is attached to this response.

The Examiner has rejected claims 1-3, 5 and 9 (in part) on the basis of the Clark reference, US 2,588,906. However, the Examiner has made grave factual errors in the interpretation. These errors have resulted in a serious prejudice against the Applicant. It is requested that prosecution be re-opened on the merits and that the Final Office Action be withdrawn. A partial list of the Examiner's errors is provided below:

1. The Examiner states that Clark teaches an electric citrus press. It is not an electric citrus press. There is no motor and there is no current. It is a manual device.
2. The Examiner contends that Clark teaches a rotating reamer. It does not.
